

TECHNICAL SUPPORT ENGINEER

Our Computer & Network Services Department is looking for an individual to assist in the technical support and maintenance of Central's computer and telecommunications systems, including all setup, installation and repairs. This position will also lead and coordinate a team of technical support volunteers. Requirements include a thorough knowledge of all Macintosh and Microsoft products and the ability to identify and resolve computer problems effectively while providing friendly, timely support to the staff. Preferred certifications: Apple Certified Support Professional, A+, and Microsoft Certified Support Engineer. Must be able to manage multiple projects effectively amid shifting priorities and tight deadlines. Please send resume to jobs@centralchristian.com
